SECTION 3.01. *Pledge.* As security for the payment or performance, as the case may be, in full of the Obligations, each Grantor hereby assigns and pledges to the Collateral Agent, its successors and assigns, for the ratable benefit of the Secured Parties, and hereby grants to the Collateral Agent, its successors and assigns, for the ratable benefit of the Secured Parties, a security interest in, all of such Grantor’s right, title and interest in, to and under (a) (i) the Equity Interests owned by such Grantor on the date hereof (including all such Equity Interests listed on Schedule II hereto), (ii) any other Equity Interests obtained in the future by such Grantor and (iii) the certificates representing all such Equity Interests (all the foregoing collectively referred to herein as

the “*Pledged Stock*”); *provided, however*, that the Pledged Stock shall not include more than 66% of each class of issued and outstanding voting Equity Interests in any CFC, (b)(i) the debt securities held by such Grantor on the date hereof (including all such debt securities listed opposite the name of such Grantor on Schedule II), (ii) any debt securities in the future issued to such Grantor and (iii) the promissory notes and any other instruments evidencing such debt securities (all the foregoing collectively referred to herein as the “*Pledged Debt Securities*”), (c) all other property that may be delivered to and held by the Collateral Agent (or to any other Person pursuant to the Intercreditor Agreement, in each case acting as gratuitous bailee for the Collateral Agent) pursuant to the terms of this Section 3.01, (d) subject to Section 3.06, all payments of principal or interest, dividends, cash, instruments and other property from time to time received, receivable or otherwise distributed in respect of, in exchange for or upon the conversion of, and all other Proceeds received in respect of, the securities referred to in clauses (a) and (b) above, (e) subject to Section 3.06, all rights and privileges of such Grantor with respect to the securities and other property referred to in clauses (a), (b), (c) and (d) above, and (f) all Proceeds of any of the foregoing (the items referred to in clauses (a) through (f) above being collectively referred to as the “*Pledged Collateral*”). The parties hereto agree that Qualified Equity Instruments will be treated in the same manner as corporate stock for purposes of this Agreement and shall not constitute a debt instrument or any other type of non-stock Collateral.

TO HAVE AND TO HOLD the Pledged Collateral, together with all right, title, interest, powers, privileges and preferences pertaining or incidental thereto, unto the Collateral Agent, its successors and assigns, for the ratable benefit of the Secured Parties, forever; *subject, however*, to the terms, covenants and conditions hereinafter set forth.

SECTION 3.02. *Delivery of the Pledged Collateral.* (a) Each Grantor agrees promptly to deliver or cause to be delivered to the Collateral Agent (or, pursuant to the Intercreditor Agreement, to the Revolving Collateral Agent or the Term Collateral Agent, in each case, acting as gratuitous bailee for the Collateral Agent) any and all certificates, instruments or other documents representing or evidencing Pledged Securities.

(b) Each Grantor agrees promptly to deliver or cause to be delivered to the Collateral Agent (or, pursuant to the Intercreditor Agreement, to the Revolving Collateral Agent or the Term Collateral Agent, in each case, acting as gratuitous bailee for the Collateral Agent) any and all Pledged Debt Securities.

(c) Upon delivery to the Collateral Agent (or, pursuant to the Intercreditor Agreement, to the Revolving Collateral Agent or the Term Collateral Agent, in each case, acting as gratuitous bailee for the Collateral Agent), (i) any certificate, instrument or document representing or evidencing Pledged Securities shall be accompanied by undated stock powers duly executed in blank or other undated instruments of transfer satisfactory to the Collateral Agent and duly executed in blank and by such other instruments and documents as the Collateral Agent may reasonably request and (ii) all other property comprising part of the Pledged Collateral shall be accompanied by proper instruments of assignment duly executed by the applicable Grantor and such other

instruments or documents as the Collateral Agent may reasonably request. Each delivery of Pledged Securities shall be accompanied by a schedule describing the applicable securities, which schedule shall be attached hereto as Schedule II and made a part hereof; *provided* that failure to attach any such schedule hereto shall not affect the validity of the pledge of such Pledged Securities. Each schedule so delivered shall supplement any prior schedules so delivered.

(d) In accordance with the terms of the Intercreditor Agreement, all Pledged Collateral delivered to the (i) Term Collateral Agent shall be held by the Term Collateral Agent as gratuitous bailee for the Revolving Credit Facility Secured Parties and the Secured Parties hereunder solely for the purpose of perfecting the security interest therein granted under the Revolving Credit Facility Security Documents and the Security Documents, respectively, (ii) Revolving Collateral Agent shall be held by the Revolving Collateral Agent, as gratuitous bailee for the Term Credit Facility Secured Parties and the Secured Parties hereunder solely for the purpose of perfecting the security interest therein granted under the Term Credit Facility Security Documents and this Agreement and the other Security Documents, respectively, and (iii) Collateral Agent shall be held by the Collateral Agent, as gratuitous bailee for the Term Credit Facility Secured Parties and the Revolving Credit Facility Secured Parties solely for the purposes of perfecting the security interest therein granted under the Term Credit Facility Security Documents and the Revolving Credit Facility Security Documents, respectively.

SECTION 3.03. *Representations, Warranties and Covenants.* The Grantors jointly and severally represent, warrant and covenant to and with the Collateral Agent, for the benefit of the Secured Parties, that:

(a) Schedule II correctly sets forth the percentage of the issued and outstanding shares of each class of the Equity Interests of the issuer thereof represented by such Pledged Stock and includes all Equity Interests, debt securities and promissory notes required to be pledged hereunder;

(b) if issued by a Subsidiary, the Pledged Stock and Pledged Debt Securities have been duly and validly authorized and issued by the issuers thereof and (i) in the case of Pledged Stock, are fully paid and nonassessable and (ii) in the case of Pledged Debt Securities, are legal, valid and binding obligations of the issuers thereof;

(c) except for the security interests granted hereunder and under the Revolving Credit Facility Security Documents or the Term Credit Facility Security Documents (or otherwise permitted under the Indenture), each Grantor (i) is and, subject to any transfers made in compliance with the Indenture, will continue to be the direct owner, beneficially and of record, of the Pledged Securities indicated on Schedule II as owned by such Grantor, (ii) holds the same free and clear of all Liens, (iii) will make no assignment, pledge, hypothecation or transfer of, or create or permit to exist any security interest in or other Lien on, the Pledged Collateral, other than transfers made in compliance with the Term Credit Agreement, the Revolving Credit Agreement and the Indenture, and (iv) subject

to Section 3.06, will cause any and all Pledged Collateral, whether for value paid by such Grantor or otherwise, to be forthwith deposited with the Collateral Agent (or, pursuant to the Intercreditor Agreement, the Revolving Collateral Agent or the Term Collateral Agent) and pledged or assigned hereunder;

(d) except for restrictions and limitations imposed by the Indenture Documents, the Revolving Credit Facility Documents, the Term Credit Facility Documents or securities laws generally, the Pledged Collateral is and will continue to be freely transferable and assignable, and none of the Pledged Collateral is or will be subject to any option, right of first refusal, shareholders agreement, charter or by-law provisions or contractual restriction of any nature that might prohibit, impair, delay or otherwise affect the pledge of such Pledged Collateral hereunder, the sale or disposition thereof pursuant hereto or the exercise by the Collateral Agent of rights and remedies hereunder;

(e) each Grantor (i) has the power and authority to pledge the Pledged Collateral pledged by it hereunder in the manner hereby done or contemplated and (ii) will defend its title or interest thereto or therein against any and all Liens (other than any Lien created or permitted by the Indenture Documents), however arising, of all Persons whomsoever;

(f) no consent or approval of any Governmental Authority, any securities exchange or any other Person was or is necessary to the validity of the pledge effected hereby (other than such as have been obtained and are in full force and effect);

(g) by virtue of the execution and delivery by each Grantor of this Agreement and the Lien priorities set forth in the Intercreditor Agreement, when any Pledged Securities are delivered to the Collateral Agent (or, pursuant to the Intercreditor Agreement, to the Revolving Collateral Agent or the Term Collateral Agent, in each case, acting as gratuitous bailee for the Collateral Agent) in accordance with this Agreement, the Collateral Agent will obtain a legal, valid and perfected Lien upon and security interest in such Pledged Securities as security for the payment and performance of the Obligations prior to any other Lien on any of the Pledged Securities other than (i) Liens granted under the Revolving Credit Facility Security Documents and the Term Credit Facility Security Documents, to the extent such Liens have priority in accordance with the Intercreditor Agreement, and (ii) any Liens expressly permitted pursuant to Section 4.10 of the Indenture that have priority as a matter of law; and

(h) the pledge effected hereby is effective to vest in the Collateral Agent, for the ratable benefit of the Secured Parties, the rights of the Collateral Agent in the Pledged Collateral as set forth herein and all action by any Grantor necessary or desirable to protect and perfect the Lien on the Pledged Collateral has been duly taken.

SECTION 3.04. *Certification of Limited Liability Company Interests and Limited Partnership Interests.* Each interest in any limited liability company or limited partnership which is a Subsidiary and pledged hereunder shall be represented by a certificate.

SECTION 3.05. *Registration in Nominee Name; Denominations.* The Collateral Agent, on behalf of the Secured Parties, shall have the right (in its sole and absolute discretion), at any time after the Term Credit Facility Lien Discharge Date, to hold the Pledged Securities in its own name as pledgee, the name of its nominee (as pledgee or as sub-agent) or the name of the applicable Grantor, endorsed or assigned in blank or in favor of the Collateral Agent. Each Grantor will promptly give to the Collateral Agent copies of any notices or other communications received by it with respect to Pledged Securities in its capacity as the registered owner thereof. The Collateral Agent shall at all times have the right to exchange the certificates representing Pledged Securities for certificates of smaller or larger denominations for any purpose consistent with this Agreement.

SECTION 3.06. *Voting Rights; Dividends and Interest, Etc.* (a) Unless and until an Event of Default shall have occurred and be continuing and the Collateral Agent shall have given the Grantors notice of its intent to exercise its rights under this Agreement (which notice shall be deemed to have been given immediately upon the occurrence of an Event of Default under Section 6.01(7) or (8) of the Indenture):

(i) Each Grantor shall be entitled to exercise any and all voting and/or other consensual rights and powers inuring to an owner of Pledged Securities or any part thereof for any purpose consistent with the terms of this Agreement, the Indenture and the other Indenture Documents; *provided, however*, that such rights and powers shall not be exercised in any manner that would reasonably be expected to materially and adversely affect the rights inuring to a holder of any Pledged Securities or the rights and remedies of any of the Collateral Agent or the other Secured Parties under this Agreement or the Indenture or any other Indenture Document or the ability of the Secured Parties to exercise the same.

(ii) The Collateral Agent shall execute and deliver to each Grantor, or cause to be executed and delivered to each Grantor, all such proxies, powers of attorney and other instruments as such Grantor may reasonably request for the purpose of enabling such Grantor to exercise the voting and/or consensual rights and powers it is entitled to exercise pursuant to paragraph (i) above.

(iii) Each Grantor shall be entitled to receive and retain any and all dividends, interest, principal and other distributions paid on or distributed in respect of the Pledged Securities to the extent and only to the extent that such dividends, interest, principal and other distributions are permitted by, and otherwise paid or distributed in accordance with, the terms and conditions of the Indenture, the other Indenture Documents and applicable

law; *provided, however*, that any noncash dividends, interest, principal or other distributions that would constitute Pledged Stock or Pledged Debt Securities, whether resulting from a subdivision, combination or reclassification of the outstanding Equity Interests of the issuer of any Pledged Securities or received in exchange for Pledged Securities or any part thereof, or in redemption thereof, or as a result of any merger, consolidation, acquisition or other exchange of assets to which such issuer may be a party or otherwise, shall be and become part of the Pledged Collateral, and, if received by any Grantor, shall not be commingled by such Grantor with any of its other funds or property but shall be held separate and apart therefrom, shall be held in trust for the ratable benefit of the Secured Parties and shall be forthwith delivered to the Collateral Agent in the same form as so received (with any necessary endorsement or instrument of assignment).

(b) Upon the occurrence and during the continuance of an Event of Default, after the Collateral Agent shall have notified (or shall be deemed to have notified pursuant to Section 3.06(a)) the Grantors of the suspension of their rights under paragraph (a)(iii) of this Section 3.06, then all rights of any Grantor to dividends, interest, principal or other distributions that such Grantor is authorized to receive pursuant to paragraph (a)(iii) of this Section 3.06 shall cease, and all such rights shall thereupon become vested in the Collateral Agent, which shall have the sole and exclusive right and authority to receive and retain such dividends, interest, principal or other distributions. All dividends, interest, principal or other distributions received by any Grantor contrary to the provisions of this Section 3.06 shall be held in trust for the benefit of the Collateral Agent, shall be segregated from other property or funds of such Grantor and, subject to the rights of the Revolving Collateral Agent and the Term Collateral Agent under the Intercreditor Agreement, shall be forthwith delivered to the Collateral Agent upon demand in the same form as so received (with any necessary endorsement or instrument of assignment). Any and all money and other property paid over to or received by the Collateral Agent pursuant to the provisions of this paragraph (b) shall be retained by the Collateral Agent in an account to be established by the Collateral Agent upon receipt of such money or other property and shall be applied in accordance with the provisions of Section 5.02. After all Events of Default have been cured or waived and each applicable Grantor has delivered to the Trustee certificates to that effect, the Collateral Agent shall, promptly after all such Events of Default have been cured or waived, repay to each applicable Grantor (without interest) all dividends, interest, principal or other distributions that such Grantor would otherwise be permitted to retain pursuant to the terms of paragraph (a)(iii) of this Section 3.06 and that remain in such account.

(c) Upon the occurrence and during the continuance of an Event of Default, after the Collateral Agent shall have notified (or shall be deemed to have notified pursuant to Section 3.06(a)) the Grantors of the suspension of their rights under paragraph (a)(i) of this Section 3.06, then all rights of any Grantor to exercise the voting and consensual rights and powers it is entitled to exercise pursuant to paragraph (a)(i) of this Section 3.06, and the obligations of the Collateral Agent under paragraph (a)(ii) of this Section 3.06, shall cease, and all such rights shall thereupon become, subject to the

rights of the Revolving Collateral Agent and the Term Collateral Agent under the Intercreditor Agreement, vested in the Collateral Agent, which shall have the sole and exclusive right and authority to exercise such voting and consensual rights and powers; *provided* that, unless otherwise directed by the Trustee, the Collateral Agent shall have the right from time to time following and during the continuance of an Event of Default to permit the Grantors to exercise such rights.

(d) Any notice given by the Collateral Agent to the Grantors exercising its rights under paragraph (a) of this Section 3.06 (i) may be given by telephone if promptly confirmed in writing, (ii) may be given to one or more of the Grantors at the same or different times and (iii) may suspend the rights of the Grantors under paragraph (a)(i) or paragraph (a)(iii) in part without suspending all such rights (as specified by the Collateral Agent in its sole and absolute discretion) and without waiving or otherwise affecting the Collateral Agent's rights to give additional notices from time to time suspending other rights so long as an Event of Default has occurred and is continuing.

ARTICLE IV

Security Interests in Personal Property

SECTION 4.01. *Creation of Security Interests.* (a) As security for the payment or performance, as the case may be, in full of the Obligations, each Grantor hereby pledges to the Collateral Agent, its successors and assigns, for the ratable benefit of the Secured Parties, and hereby grants to the Collateral Agent, its successors and assigns, for the ratable benefit of the Secured Parties, a security interest (the "*Security Interests*") in, all right, title or interest in or to any and all of the following assets and properties now owned or at any time hereafter acquired by such Grantor or in which such Grantor now has or at any time in the future may acquire any right, title or interest (collectively, the "*Article 9 Collateral*"):

- (i) all Accounts;
- (ii) all Chattel Paper;
- (iii) all cash and Deposit Accounts;
- (iv) all Documents;
- (v) all Equipment;
- (vi) all General Intangibles;
- (vii) all Instruments;
- (viii) all Inventory;
- (ix) all Investment Property;

- (x) all Letter-of-Credit Rights;
- (xi) all Commercial Tort Claims;
- (xii) all books and records pertaining to the Article 9 Collateral; and
- (xiii) to the extent not otherwise included, all Proceeds and products of any and all of the foregoing and all collateral security and guarantees given by any person with respect to any of the foregoing.

(b) The Secured Parties and the Collateral Agent agree that the Revolving Facility Security Interest and the Other Collateral Security Interest shall be subordinated as described in, and subject to, the Intercreditor Agreement. The Secured Parties and the Collateral Agent agree that with respect to the Camcar Foreign IP Collateral, (i) the Camcar Foreign IP Collateral Security Interest shall be subordinate to the exclusive licensing arrangement with King Holding IP Limited to which the Camcar Foreign IP Collateral is subject and (ii) the exclusive licensing arrangement between Camcar IP LLC and King Holding IP Limited is a Lien expressly permitted pursuant to Section 4.10 of the Indenture and has priority over the Camcar IP Collateral Security Interest.

(c) Each Grantor hereby irrevocably authorizes the Collateral Agent at any time and from time to time to file in any relevant jurisdiction any initial financing statements (including fixture filings) with respect to the Article 9 Collateral or any part thereof and amendments thereto that (i) indicate the Article 9 Collateral as all assets of such Grantor or words of similar effect, and (ii) contain the information required by Article 9 of the Uniform Commercial Code of each applicable jurisdiction for the filing of any financing statement or amendment, including (A) whether such Grantor is an organization, the type of organization and any organizational identification number issued to such Grantor and (B) in the case of a financing statement filed as a fixture filing, a sufficient description of the real property to which such Article 9 Collateral relates. Each Grantor agrees to provide such information to the Collateral Agent promptly upon request.

Each Grantor also ratifies its authorization for the Collateral Agent to file in any relevant jurisdiction any initial financing statements or amendments thereto if filed prior to the date hereof.

The Collateral Agent is further authorized to file with the United States Patent and Trademark Office or United States Copyright Office (or any successor office or any similar office in any other country) such documents as may be necessary or advisable solely for the purpose of perfecting, confirming, continuing, enforcing or protecting the Security Interest granted by each Grantor, without the signature of any Grantor, and naming any Grantor or the Grantors as debtors and the Collateral Agent as secured party.

(d) The Security Interests are granted as security only and shall not subject the Collateral Agent or any other Secured Party to, or in any way alter or modify, any obligation or liability of any Grantor with respect to or arising out of the Article 9

Collateral; provided, however, that if any such filing is to be made with respect to the Camcar Foreign IP Collateral, the Collateral Agent shall provide Camcar IP LLC and King Holding IP Limited prior written notice in order to afford a reasonable opportunity to record within the applicable jurisdictions notice of the priority of the exclusive licensing arrangement to which the Camcar Foreign IP Collateral Security Interest is subordinate.

SECTION 4.02. *Representations and Warranties.* The Grantors jointly and severally represent and warrant to the Collateral Agent and the Secured Parties that:

(a) Subject to the exclusive licensing arrangement with respect to the Camcar Foreign IP Collateral, each Grantor has good and valid rights in and title to the Article 9 Collateral with respect to which it has purported to grant Security Interests hereunder and has full power and authority to grant to the Collateral Agent, for the ratable benefit of the Secured Parties, the Security Interests in such Article 9 Collateral pursuant hereto and to execute, deliver and perform its obligations in accordance with the terms of this Agreement, without the consent or approval of any other Person other than any consent or approval that has been obtained.

(b) The Perfection Representations and the information set forth therein (including (x) the exact legal name of each Grantor and (y) the jurisdiction of organization of each Grantor) are correct and complete as of the Issue Date. Uniform Commercial Code financing statements (including fixture filings, as applicable) or other appropriate filings, recordings or registrations containing a description of the Article 9 Collateral have been prepared by the Collateral Agent based upon the information provided to the Collateral Agent and the Secured Parties in the Perfection Representations for filing in each governmental, municipal or other office specified in Section 2 of the Perfection Representations (or specified by notice from the Company to the Collateral Agent after the Issue Date in the case of filings, recordings or registrations required by Section 4.13, Section 4.14 and Section 4.18 of the Indenture), which are all the filings, recordings and registrations (other than filings required to be made in the United States Patent and Trademark Office and the United States Copyright Office in order to perfect the Security Interests in the Article 9 Collateral consisting of United States Patents, Trademarks and Copyrights) that are necessary to publish notice of and protect the validity of and to establish a legal, valid and perfected security interest in favor of the Collateral Agent (for the ratable benefit of the Secured Parties) in respect of all Article 9 Collateral to the extent that the Security Interest may be perfected by filing, recording or registration in the United States (or any political subdivision thereof) and its territories and possessions, and no further or subsequent filing, refile, recording, rerecording, registration or reregistration is necessary in any such jurisdiction, except as provided under applicable law with respect to the filing of continuation statements. Each Grantor represents and warrants that a fully executed agreement in the form hereof (or a fully executed short form agreement in form and substance reasonably satisfactory to the Collateral Agent), and containing a description of all Article 9

Collateral consisting of Intellectual Property with respect to United States Patents and United States registered Trademarks (and Trademarks for which United States registration applications are pending) and United States registered Copyrights has been delivered to the Collateral Agent for recording by the United States Patent and Trademark Office and the United States Copyright Office pursuant to 35 U.S.C. §261, 15 U.S.C. §1060 or 17 U.S.C. §205 and the regulations thereunder, as applicable, and otherwise as may be required pursuant to the laws of any other necessary jurisdiction, to protect the validity of and to establish a legal, valid and perfected security interest in favor of the Collateral Agent (for the ratable benefit of the Secured Parties) in respect of all Article 9 Collateral consisting of Patents, Trademarks and Copyrights to the extent that a security interest may be perfected by filing, recording or registration in the United States (or any political subdivision thereof) and its territories and possessions, and no further or subsequent filing, refile, recording, rerecording, registration or reregistration is necessary (other than the Uniform Commercial Code financing statements or other appropriate filings, recordings or registrations referenced in this Section 4.02(b) and such actions as are necessary to perfect the Security Interest with respect to any Article 9 Collateral consisting of Patents, Trademarks and Copyrights (or registration or application for registration thereof) acquired or developed after the date hereof).

(c) The Security Interests constitute (i) legal and valid security interests in all Article 9 Collateral securing the payment and performance of the Obligations, (ii) subject to the filings described in Section 4.02(b), perfected security interests in all Article 9 Collateral to the extent that a security interest may be perfected by filing, recording or registering a financing statement or analogous document in the United States (or any political subdivision thereof) and its territories and possessions pursuant to the Uniform Commercial Code or other applicable law in such jurisdictions and (iii) security interests that shall be perfected in all Article 9 Collateral to the extent that a security interest may be perfected upon the receipt and recording of this Agreement with the United States Patent and Trademark Office and the United States Copyright Office, as applicable. The Revolving Facility Security Interest is and shall be prior to any other Lien on any of the Revolving Facility Collateral, other than Liens granted under the Revolving Credit Facility Security Documents, Liens granted under the Term Credit Facility Security Documents and any Liens expressly permitted pursuant to Section 4.10 of the Indenture that have priority as a matter of law. The Other Collateral Security Interest is and shall be prior to any other Lien on any of the Other Collateral, other than Liens granted under the Term Credit Facility Security Documents and any Liens expressly permitted pursuant to Section 4.10 of the Indenture and, with respect to the Camcar Foreign IP Collateral Security Interest, the exclusive licensing arrangement to which the Camcar Foreign IP Collateral is subject.

(d) The Article 9 Collateral is owned by the Grantors free and clear of any Lien, except for Liens expressly permitted pursuant to Section 4.10 of the Indenture. No Grantor has filed or consented to the filing of (i) any financing

statement or analogous document under the Uniform Commercial Code or any other applicable laws covering any Article 9 Collateral, (ii) any assignment in which any Grantor assigns any Collateral or any security agreement or similar instrument covering any Article 9 Collateral with the United States Patent and Trademark Office or the United States Copyright Office, (iii) any notice under the Assignment of Claims Act, or (iv) any assignment in which any Grantor assigns any Article 9 Collateral or any security agreement or similar instrument covering any Article 9 Collateral with any foreign governmental, municipal or other office, which financing statement or analogous document, assignment, security agreement or similar instrument is still in effect, except, in each case, for Liens expressly permitted pursuant to Section 4.10 of the Indenture. No Grantor holds any Commercial Tort Claims except as indicated in the Perfection Representations.

SECTION 4.03. *Covenants.* (a) Each Grantor agrees promptly to notify the Collateral Agent in writing of any change in (i) its legal name, (ii) the location of its chief executive office, (iii) its identity or type of organization or corporate structure, (iv) its Federal Taxpayer Identification Number or organizational identification number or (v) its jurisdiction of organization. Each Grantor agrees promptly to provide the Collateral Agent with certified organizational documents reflecting any of the changes described in the first sentence of this paragraph. Each Grantor agrees not to effect or permit any change referred to in the preceding sentence unless all filings have been made under the Uniform Commercial Code or otherwise that are required in order for the Collateral Agent to continue at all times following such change to have a valid, legal and perfected security interest in all the Article 9 Collateral. Each Grantor agrees promptly to notify the Collateral Agent if any material portion of the Article 9 Collateral owned or held by such Grantor is damaged or destroyed.

(b) Each Grantor agrees to maintain, at its own cost and expense, such complete and accurate records with respect to the Article 9 Collateral owned by it as is consistent with its current practices and in accordance with such prudent and standard practices used in industries that are the same as or similar to those in which such Grantor is engaged, but in any event to include complete accounting records indicating all payments and proceeds received with respect to any part of the Article 9 Collateral, and, at such time or times as the Collateral Agent may reasonably request, promptly to prepare and deliver to the Collateral Agent a duly certified schedule or schedules in form and detail satisfactory to the Collateral Agent showing the identity, amount and location of any and all Article 9 Collateral.

(c) Each Grantor shall, at its own expense, use its commercially reasonable efforts to take any and all actions necessary to defend title to the Article 9 Collateral against all Persons and to defend the Security Interests of the Collateral Agent in the Article 9 Collateral and the priority thereof against any Lien not expressly permitted pursuant to Section 4.10 of the Indenture.

(d) Each Grantor agrees, at its own expense, promptly to execute, acknowledge, deliver and cause to be duly filed all such further instruments and

documents and take all such actions as the Collateral Agent may from time to time reasonably request to better assure, obtain, preserve, protect and perfect the Security Interests and the rights and remedies created hereby, including the payment of any fees and Taxes required in connection with the execution and delivery of this Agreement, the granting of the Security Interests and the filing of any financing or continuation statements (including fixture filings) or other documents in connection herewith or therewith. If any amount payable to any Grantor under or in connection with any of the Article 9 Collateral shall be or become evidenced by any promissory note or other instrument, such note or instrument shall be promptly pledged and delivered to the Collateral Agent, duly endorsed in a manner satisfactory to the Collateral Agent.

(e) Without limiting the generality of the foregoing, each Grantor hereby authorizes the Collateral Agent, with prompt notice thereof to the Grantors, to supplement this Agreement by supplementing Schedule III or adding additional schedules hereto to identify specifically any asset or item of a Grantor that may, in the Collateral Agent's judgment, constitute Copyrights, Licenses, Patents or Trademarks; *provided* that any Grantor shall have the right, exercisable within 10 days after it has been notified by the Collateral Agent of the specific identification of such Collateral, to advise the Collateral Agent in writing of any inaccuracy of the representations and warranties made by such Grantor hereunder with respect to such Collateral. Each Grantor agrees that it will use its commercially reasonable efforts to take such action as shall be necessary in order that all representations and warranties hereunder shall be true and correct with respect to such Collateral within 30 days after the date it has been notified by the Collateral Agent of the specific identification of such Collateral.

(f) The Collateral Agent and such Persons as the Collateral Agent may designate shall have the right, at the applicable Grantor's own cost and expense to inspect the Article 9 Collateral, all records related thereto (and to make extracts and copies from such records) and the premises upon which any of the Article 9 Collateral is located, to discuss the applicable Grantor's affairs with the officers of such Grantor and its independent accountants and to verify the existence, validity, amount, quality, quantity, value, condition and status of, or any other matter relating to, the Article 9 Collateral, including, in the case of Accounts or other Article 9 Collateral in the possession of any third Person, by contacting Account Debtors or the third Person possessing such Article 9 Collateral for the purpose of making such a verification. The Collateral Agent shall have the absolute right to share any information it gains from such inspection or verification with any Secured Party.

(g) At its option, the Collateral Agent may discharge past due Taxes, assessments, charges, fees, Liens, security interests or other encumbrances at any time levied or placed on the Article 9 Collateral and not expressly permitted pursuant to Section 4.10 of the Indenture, and may pay for the maintenance and preservation of the Article 9 Collateral to the extent any Grantor fails to do so as required by the Indenture or this Agreement, and each Grantor jointly and severally agrees to reimburse the Collateral Agent on demand for any payment made or any expense incurred by the Collateral Agent pursuant to the foregoing authorization; *provided, however*, that nothing in this paragraph shall be interpreted as excusing any Grantor from the performance of, or imposing any

obligation on the Collateral Agent or any Secured Party to cure or perform, any covenants or other promises of any Grantor with respect to Taxes, assessments, charges, fees, Liens, security interests or other encumbrances and maintenance as set forth herein or in the other Indenture Documents.

(h) If at any time any Grantor shall take a security interest in any property of an Account Debtor or any other Person to secure payment and performance of an Account, such Grantor shall promptly assign such security interest to the Collateral Agent for the ratable benefit of the Secured Parties. Such assignment need not be filed of public record unless necessary to continue the perfected status of the security interest against creditors of and transferees from the Account Debtor or other Person granting the security interest.

(i) Each Grantor shall remain liable to observe and perform all conditions and obligations to be observed and performed by it under each contract, agreement or instrument relating to the Article 9 Collateral, all in accordance with the terms and conditions thereof, and each Grantor jointly and severally agrees to indemnify and hold harmless the Collateral Agent and the Secured Parties from and against any and all liability for such performance.

(j) No Grantor shall make or permit to be made an assignment, pledge or hypothecation of the Article 9 Collateral or shall grant any other Lien in respect of the Article 9 Collateral or permit any notice to be filed under the Assignment of Claims Act, except, in each case, as expressly permitted by Section 4.10 of the Indenture. No Grantor shall make or permit to be made any transfer of the Article 9 Collateral and each Grantor shall remain at all times in possession or otherwise in control of the Article 9 Collateral owned by it, except as permitted by the Indenture.

(k) No Grantor will, without the Collateral Agent's prior written consent, grant any extension of the time of payment of any Accounts included in the Article 9 Collateral, compromise, compound or settle the same for less than the full amount thereof, release, wholly or partly, any Person liable for the payment thereof or allow any credit or discount whatsoever thereon, other than extensions, credits, discounts, compromises, compoundings or settlements granted or made in the ordinary course of business and consistent with its current practices and in accordance with such prudent and standard practice used in industries that are the same as or similar to those in which such Grantor is engaged.

(l) Each Grantor, at its own expense, shall maintain or cause to be maintained customary insurance covering physical loss or damage to the Inventory and Equipment. Each Grantor irrevocably makes, constitutes and appoints the Collateral Agent (and all officers, employees or agents designated by the Collateral Agent) as such Grantor's true and lawful agent (and attorney-in-fact) for the purpose, upon the occurrence and during the continuance of an Event of Default, of making, settling and adjusting claims in respect of Article 9 Collateral under policies of insurance, endorsing the name of such Grantor on any check, draft, instrument or other item of payment for the proceeds of such policies of insurance and for making all determinations and decisions

with respect thereto. In the event that any Grantor at any time or times shall fail to obtain or maintain any of the policies of insurance required hereby or to pay any premium in whole or part relating thereto, the Collateral Agent may, without waiving or releasing any obligation or liability of any Grantor hereunder or any Default or Event of Default, in its sole discretion, obtain and maintain such policies of insurance and pay such premium and take any other actions with respect thereto as the Collateral Agent deems advisable. All sums disbursed by the Collateral Agent in connection with this paragraph, including attorneys' fees, court costs, expenses and other charges relating thereto, shall be payable, upon demand, by the Grantors to the Collateral Agent and shall be additional Obligations secured hereby.

(m) Each Grantor shall maintain, in form and manner satisfactory to the Collateral Agent, records of its Chattel Paper and its books, records and documents evidencing or pertaining thereto.

SECTION 4.04. *Other Actions.* In order to further insure the attachment, perfection and priority of, and the ability of the Collateral Agent to enforce, the Security Interests in the Article 9 Collateral, each Grantor agrees, in each case at such Grantor's own expense, to take the following actions with respect to the following Article 9 Collateral:

(a) *Instruments.* If any Grantor shall at any time hold or acquire any Instruments, such Grantor shall forthwith endorse, assign and deliver the same to the Collateral Agent (or, pursuant to the Intercreditor Agreement, to the Revolving Collateral Agent or the Term Collateral Agent, in each case, as gratuitous bailee), accompanied by such undated instruments of endorsement, transfer or assignment duly executed in blank as the Collateral Agent may from time to time specify.

(b) *Deposit Accounts.* For each Deposit Account that any Grantor at any time opens or maintains, such Grantor shall, upon the Collateral Agent's request, either (i) cause the depository bank to agree to comply at any time with instructions from the Collateral Agent to such depository bank directing the disposition of funds from time to time credited to such Deposit Account, without further consent of such Grantor or any other Person, pursuant to an agreement in form and substance satisfactory to the Collateral Agent, or (ii) arrange for the Collateral Agent to become the customer of the depository bank with respect to the Deposit Account, with the Grantor being permitted, only with the consent of the Collateral Agent, to exercise rights to withdraw funds from such Deposit Account. The Collateral Agent agrees with each Grantor that the Collateral Agent shall not give any such instructions or withhold any withdrawal rights from any Grantor, unless an Event of Default has occurred and is continuing, or, after giving effect to any withdrawal, would occur. The provisions of this paragraph shall not apply to any Deposit Account for which any Grantor, the depository bank and the Collateral Agent have entered into a Collection Deposit Letter Agreement.

(c) *Investment Property*. Except to the extent otherwise provided in Article III, if any Grantor shall at any time hold or acquire any certificated securities, such Grantor shall forthwith endorse, assign and deliver the same Collateral Agent (or, pursuant to the Intercreditor Agreement, to the Revolving Collateral Agent or the Term Collateral Agent, in each case, as gratuitous bailee), accompanied by such undated instruments of transfer or assignment duly executed in blank as the Collateral Agent may from time to time specify. If any securities now or hereafter acquired by any Grantor are uncertificated and are issued to such Grantor or its nominee directly by the issuer thereof, such Grantor shall promptly notify the Collateral Agent thereof and, at the Collateral Agent's request and option, and subject to the rights of the Revolving Collateral Agent and the Term Collateral Agent under the Intercreditor Agreement, such Grantor shall, pursuant to an agreement in form and substance satisfactory to the Collateral Agent, either (i) cause the issuer to agree to comply with instructions from the Collateral Agent as to such securities, without further consent of any Grantor or such nominee, or (ii) arrange for the Collateral Agent to become the registered owner of the securities. If any securities, whether certificated or uncertificated, or other Investment Property now or hereafter acquired by any Grantor are held by such Grantor or its nominee through a Securities Intermediary or Commodity Intermediary, such Grantor shall promptly notify the Collateral Agent thereof and, at the Collateral Agent's request and option, and subject to the rights of the Revolving Collateral Agent and the Term Collateral Agent under the Intercreditor Agreement, such Grantor shall, pursuant to an agreement in form and substance satisfactory to the Collateral Agent, either (i) cause such Securities Intermediary or Commodity Intermediary, as the case may be, to agree to comply with Entitlement Orders from the Collateral Agent to such Securities Intermediary as to such securities or other Investment Property, or (as the case may be) to apply any value distributed on account of any commodity contract as directed by the Collateral Agent to such Commodity Intermediary, in each case without further consent of any Grantor or such nominee, or (ii) in the case of Financial Assets (as governed by Article 8 of the New York UCC) or other Investment Property held through a Securities Intermediary, arrange for the Collateral Agent to become the Entitlement Holder with respect to such Investment Property, with the Grantor being permitted, only with the consent of the Collateral Agent, to exercise rights to withdraw or otherwise deal with such Investment Property. The Collateral Agent agrees with each Grantor that the Collateral Agent shall not give any such Entitlement Orders or instructions or directions to any such issuer, Securities Intermediary or Commodity Intermediary, and shall not withhold its consent to the exercise of any withdrawal or dealing rights by any Grantor, unless an Event of Default has occurred and is continuing, or, after giving effect to any such investment and withdrawal rights would occur. The provisions of this paragraph shall not apply to any Financial Assets credited to a Securities Account for which the Collateral Agent is the Securities Intermediary.

(d) *Electronic Chattel Paper and Transferable Records*. If any Grantor at any time holds or acquires an interest in any Electronic Chattel Paper or any "transferable record", as that term is defined in Section 201 of the Federal

Electronic Signatures in Global and National Commerce Act, or in Section 16 of the Uniform Electronic Transactions Act as in effect in any relevant jurisdiction, such Grantor shall promptly notify the Collateral Agent thereof and, at the request of the Collateral Agent, and subject to the rights of the Revolving Collateral Agent and the Term Collateral Agent under the Intercreditor Agreement, such Grantor shall take such action as the Collateral Agent may request to vest in the Collateral Agent control under New York UCC Section 9-105 of such Electronic Chattel Paper or control under Section 201 of the Federal Electronic Signatures in Global and National Commerce Act or, as the case may be, Section 16 of the Uniform Electronic Transactions Act, as so in effect in such jurisdiction, of such transferable record. The Collateral Agent agrees with such Grantor that the Collateral Agent will arrange, pursuant to procedures satisfactory to the Collateral Agent and so long as such procedures will not result in the Collateral Agent's loss of control, for the Grantor to make alterations to the Electronic Chattel Paper or transferable record permitted under UCC Section 9-105 or, as the case may be, Section 201 of the Federal Electronic Signatures in Global and National Commerce Act or Section 16 of the Uniform Electronic Transactions Act for a party in control to allow without loss of control, unless an Event of Default has occurred and is continuing or would occur after taking into account any action by such Grantor with respect to such Electronic Chattel Paper or transferable record.

(e) *Letter-of-Credit Rights.* If any Grantor is at any time a beneficiary under a letter of credit now or hereafter issued in favor of such Grantor, such Grantor shall promptly notify the Collateral Agent thereof and, at the request and option of the Collateral Agent, and subject to the rights of the Revolving Collateral Agent and the Term Collateral Agent under the Intercreditor Agreement, such Grantor shall, pursuant to an agreement in form and substance satisfactory to the Collateral Agent, either (i) arrange for the issuer and any confirmer of such letter of credit to consent to an assignment to the Collateral Agent of the proceeds of any drawing under the letter of credit or (ii) arrange for the Collateral Agent to become the transferee beneficiary of the letter of credit, with the Collateral Agent agreeing, in each case, that the proceeds of any drawing under the letter of credit are to be paid to the applicable Grantor unless an Event of Default has occurred or is continuing.

(f) *Commercial Tort Claims.* If any Grantor shall at any time hold or acquire a Commercial Tort Claim in an amount reasonably estimated to exceed \$500,000, the Grantor shall promptly notify the Collateral Agent thereof in a writing signed by such Grantor including a summary description of such claim and grant to the Collateral Agent, for the ratable benefit of the Secured Parties, in such writing a security interest therein and in the proceeds thereof, all upon the terms of this Agreement, with such writing to be in form and substance satisfactory to the Collateral Agent.

SECTION 4.05. *Covenants Regarding Patent, Trademark and Copyright Collateral.* (a) Each Grantor agrees that it will not, and will not permit any of its licensees to, do any act, or omit to do any act, whereby any Patent that is material to the

conduct of such Grantor's business, as determined in such Grantor's reasonable business judgment, may become invalidated or dedicated to the public, and agrees that it shall continue to mark any products covered by a Patent and/or such products' associated packaging, to the extent that such Grantor currently marks such products, with the relevant patent number as necessary and sufficient to establish and preserve its rights under applicable patent laws.

(b) Each Grantor (either itself or through its licensees or its sublicensees) will, for each Trademark material to the conduct of such Grantor's business, as determined in such Grantor's reasonable business judgment, (i) maintain such Trademark in full force free from any claim of abandonment or invalidity for non-use, (ii) maintain the quality of products and services offered under such Trademark, (iii) display such Trademark with notice of Federal or foreign registration to the extent necessary and sufficient to establish and preserve its maximum rights under applicable law and (iv) not knowingly use or knowingly permit the use of such Trademark in violation of any third party rights.

(c) Each Grantor (either itself or through its licensees or sublicensees) will, for each work covered by a material Copyright, as determined in such Grantor's reasonable business judgment, continue to publish, reproduce, display, adopt and distribute the work with appropriate copyright notice as necessary and sufficient to establish and preserve its rights under applicable copyright laws.

(d) Each Grantor shall notify the Collateral Agent promptly if it knows or has reason to know that any Patent, Trademark or Copyright material to the conduct of its business, as determined in such Grantor's reasonable business judgment, may become abandoned, lost or dedicated to the public, or of any adverse determination or development (including the institution of, or any such determination or development in, any proceeding in the United States Patent and Trademark Office, United States Copyright Office or any court or similar office of any country) regarding such Grantor's ownership of any Patent, Trademark or Copyright, its right to register the same, or its right to keep and maintain the same.

(e) In no event shall any Grantor, either itself or through any agent, employee, licensee or designee, file an application for any Patent, Trademark or Copyright (or for the registration of any Trademark or Copyright) with the United States Patent and Trademark Office, United States Copyright Office or any office or agency in any political subdivision of the United States or in any other country or any political subdivision thereof, unless it notifies the Collateral Agent within thirty (30) days of such event, and, upon request of the Collateral Agent, executes and delivers any and all agreements, instruments, documents and papers as the Collateral Agent may reasonably request to evidence the Security Interest in such Patent, Trademark or Copyright, and each Grantor hereby appoints the Collateral Agent as its attorney-in-fact solely to execute and file such writings for the foregoing purposes, all acts of such attorney being hereby ratified and confirmed; such power, being coupled with an interest, is irrevocable.

(f) Each Grantor will take all reasonably necessary steps that are consistent with the practice in any proceeding before the United States Patent and Trademark Office, United States Copyright Office or any office or agency in any political subdivision of the United States or in any other country or any political subdivision thereof, to maintain and pursue each material application, as determined in such Grantor's reasonable business judgment, relating to the Patents, Trademarks and/or Copyrights (and to obtain the relevant grant or registration) and to maintain each issued Patent and each registration of the Trademarks and Copyrights that is material to the conduct of any Grantor's business, as determined in such Grantor's reasonable business judgment, including timely filings of applications for renewal, affidavits of use, affidavits of incontestability and payment of maintenance fees, and, if consistent with good business judgment, to initiate opposition, interference and cancellation proceedings against third parties.

(g) In the event that any Grantor knows or has reason to believe that any Article 9 Collateral consisting of a Patent, Trademark or Copyright material to the conduct of any Grantor's business, as determined in such Grantor's reasonable business judgment, has been or is about to be infringed, misappropriated or diluted by a third Person, such Grantor promptly shall notify the Collateral Agent and shall, if consistent with good business judgment, promptly sue for infringement, misappropriation or dilution, and to recover any and all damages for such infringement, misappropriation or dilution, or settle such claim, and take such other commercially reasonable actions as are appropriate under the circumstances to protect such Article 9 Collateral.

(h) Upon the occurrence and during the continuance of an Event of Default, upon the request of the Collateral Agent, each Grantor shall use its reasonable best efforts to obtain all requisite consents or approvals by the licensor of each Copyright License, Patent License or Trademark License, and each other material License, to effect the assignment of all such Grantor's right, title and interest thereunder to the Collateral Agent, for the ratable benefit of the Secured Parties, or its designee.

ARTICLE V

Remedies

SECTION 5.01. *Remedies Upon Default.* Upon the occurrence and during the continuance of an Event of Default, each Grantor agrees to deliver each item of Collateral to the Collateral Agent on demand, and it is agreed that the Collateral Agent shall have the right to take any of or all the following actions at the same or different times: (a) with respect to any Article 9 Collateral consisting of Intellectual Property, on demand, to cause the Security Interests to become an assignment, transfer and conveyance of any of or all such Article 9 Collateral by the applicable Grantor to the Collateral Agent, or to license or sublicense, whether general, special or otherwise, and whether on an exclusive or nonexclusive basis, any such Article 9 Collateral throughout the world on such terms and conditions and in such manner as the Collateral Agent shall determine (other than in violation of any then-existing licensing arrangements to the

extent that waivers cannot be obtained including, with respect to the Camcar Foreign IP Collateral, other than in violation of the exclusive licensing arrangement with King Holding IP Limited, to the extent it is still in effect), and (b) with or without legal process and with or without prior notice or demand for performance, to take possession of the Article 9 Collateral and without liability for trespass to enter any premises where the Article 9 Collateral may be located for the purpose of taking possession of or removing the Article 9 Collateral and, generally, to exercise any and all rights afforded to a secured party under the Uniform Commercial Code or other applicable law. Without limiting the generality of the foregoing, each Grantor agrees that the Collateral Agent shall have the right, subject to the mandatory requirements of applicable law, to sell or otherwise dispose of all or any part of the Collateral at a public or private sale or at any broker's board or on any securities exchange, for cash, upon credit or for future delivery as the Collateral Agent shall deem appropriate. The Collateral Agent shall be authorized at any such sale (if it deems it advisable to do so) to restrict the prospective bidders or purchasers to Persons who will represent and agree that they are purchasing the Collateral for their own account for investment and not with a view to the distribution or sale thereof, and upon consummation of any such sale the Collateral Agent shall have the right to assign, transfer and deliver to the purchaser or purchasers thereof the Collateral so sold. Each such purchaser at any such sale shall hold the property sold absolutely, free from any claim or right on the part of any Grantor, and each Grantor hereby waives (to the extent permitted by law) all rights of redemption, stay and appraisal which such Grantor now has or may at any time in the future have under any rule of law or statute now existing or hereafter enacted.

The Collateral Agent shall give each applicable Grantor 10 days' written notice (which each Grantor agrees is reasonable notice within the meaning of Section 9-611 of the New York UCC or its equivalent in other jurisdictions) of the Collateral Agent's intention to make any sale of Collateral. Such notice, in the case of a public sale, shall state the time and place for such sale and, in the case of a sale at a broker's board or on a securities exchange, shall state the board or exchange at which such sale is to be made and the day on which the Collateral, or portion thereof, will first be offered for sale at such board or exchange. Any such public sale shall be held at such time or times within ordinary business hours and at such place or places as the Collateral Agent may fix and state in the notice (if any) of such sale. At any such sale, the Collateral, or portion thereof, to be sold may be sold in one lot as an entirety or in separate parcels, as the Collateral Agent may (in its sole and absolute discretion) determine. The Collateral Agent shall not be obligated to make any sale of any Collateral if it shall determine not to do so, regardless of the fact that notice of sale of such Collateral shall have been given. The Collateral Agent may, without notice or publication, adjourn any public or private sale or cause the same to be adjourned from time to time by announcement at the time and place fixed for sale, and such sale may, without further notice, be made at the time and place to which the same was so adjourned. In case any sale of all or any part of the Collateral is made on credit or for future delivery, the Collateral so sold may be retained by the Collateral Agent until the sale price is paid by the purchaser or purchasers thereof, but the Collateral Agent shall not incur any liability in case any such purchaser or purchasers shall fail to take up and pay for the Collateral so sold and, in case of any such failure, such Collateral may be sold

again upon like notice. At any public (or, to the extent permitted by law, private) sale made pursuant to this Agreement, any Secured Party may bid for or purchase, free (to the extent permitted by applicable law) from any right of redemption, stay, valuation or appraisal on the part of any Grantor (all said rights being also hereby waived and released to the extent permitted by applicable law), the Collateral or any part thereof offered for sale and may make payment on account thereof by using any claim then due and payable to such Secured Party from any Grantor as a credit against the purchase price, and such Secured Party may, upon compliance with the terms of sale, hold, retain and dispose of such property without further accountability to any Grantor therefor. For purposes hereof, a written agreement to purchase the Collateral or any portion thereof shall be treated as a sale thereof; the Collateral Agent shall be free to carry out such sale pursuant to such agreement and no Grantor shall be entitled to the return of the Collateral or any portion thereof subject thereto, notwithstanding the fact that after the Collateral Agent shall have entered into such an agreement all Events of Default shall have been remedied and the Obligations paid in full. As an alternative to exercising the power of sale herein conferred upon it, the Collateral Agent may proceed by a suit or suits at law or in equity to foreclose this Agreement and to sell the Collateral or any portion thereof pursuant to a judgment or decree of a court or courts having competent jurisdiction or pursuant to a proceeding by a court-appointed receiver. Any sale pursuant to the provisions of this Section 5.01 shall be deemed to conform to the commercially reasonable standards as provided in Section 9-610(b) of the New York UCC or its equivalent in other jurisdictions.

SECTION 5.02. *Application of Proceeds.* Subject to the payment over provisions set forth in the Intercreditor Agreement, the Collateral Agent shall apply the proceeds of any collection, sale, foreclosure or other realization upon any Collateral, including any Collateral consisting of cash, as set forth in the Indenture.

The Collateral Agent shall have absolute discretion as to the time of application of any such proceeds, moneys or balances in accordance with this Agreement. Upon any sale of Collateral by the Collateral Agent (including pursuant to a power of sale granted by statute or under a judicial proceeding), the receipt of the Collateral Agent or of the officer making the sale shall be a sufficient discharge to the purchaser or purchasers of the Collateral so sold and such purchaser or purchasers shall not be obligated to see to the application of any part of the purchase money paid over to the Collateral Agent or such officer or be answerable in any way for the misapplication thereof.

SECTION 5.03. *Grant of License to Use Intellectual Property.* For the purpose of enabling the Collateral Agent to exercise rights and remedies under this Agreement at such time as the Collateral Agent shall be lawfully entitled to exercise such rights and remedies, and subject with respect to the Camcar Foreign IP Collateral to the subordination provision in Section 4.01(b), each Grantor hereby grants to the Collateral Agent an irrevocable (except upon termination of this Agreement), nonexclusive license (exercisable without payment of royalty or other compensation to the Grantors), to use, license or sublicense any of the Article 9 Collateral consisting of Intellectual Property now owned or hereafter acquired by such Grantor, and wherever the same may be located, and including in such license access to all media in which any of the licensed

items may be recorded or stored and to all computer software and programs used for the compilation or printout thereof. The use of such license by the Collateral Agent may be exercised, at the option of the Collateral Agent, only upon the occurrence and during the continuation of an Event of Default; *provided, however*, that any license, sublicense or other transaction entered into by the Collateral Agent in accordance herewith shall be binding upon each Grantor notwithstanding any subsequent cure of an Event of Default.

SECTION 5.04. *Securities Act, Etc.* In view of the position of the Grantors in relation to the Pledged Collateral, or because of other current or future circumstances, a question may arise under the U.S. Securities Act of 1933, as now or hereafter in effect, or any similar statute hereafter enacted analogous in purpose or effect (such Act and any such similar statute as from time to time in effect being called the “*Federal Securities Laws*”) with respect to any disposition of the Pledged Collateral permitted hereunder. Each Grantor understands that compliance with the Federal Securities Laws might very strictly limit the course of conduct of the Collateral Agent if the Collateral Agent were to attempt to dispose of all or any part of the Pledged Collateral, and might also limit the extent to which or the manner in which any subsequent transferee of any Pledged Collateral could dispose of the same. Similarly, there may be other legal restrictions or limitations affecting the Collateral Agent in any attempt to dispose of all or part of the Pledged Collateral under applicable “blue sky” or other state securities laws or similar laws analogous in purpose or effect. Each Grantor recognizes that in light of such restrictions and limitations the Collateral Agent may, with respect to any sale of the Pledged Collateral, limit the purchasers to those who will agree, among other things, to acquire such Pledged Collateral for their own account, for investment, and not with a view to the distribution or resale thereof. Each Grantor acknowledges and agrees that in light of such restrictions and limitations, the Collateral Agent, in its sole and absolute discretion (a) may proceed to make such a sale whether or not a registration statement for the purpose of registering such Pledged Collateral or part thereof shall have been filed under the Federal Securities Laws and (b) may approach and negotiate with a limited number of potential purchasers (including a single potential purchaser) to effect such sale. Each Grantor acknowledges and agrees that any such sale might result in prices and other terms less favorable to the seller than if such sale were a public sale without such restrictions. In the event of any such sale, the Collateral Agent shall incur no responsibility or liability for selling all or any part of the Pledged Collateral at a price that the Collateral Agent, in its sole and absolute discretion, may in good faith deem reasonable under the circumstances, notwithstanding the possibility that a substantially higher price might have been realized if the sale were deferred until after registration as aforesaid or if more than a limited number of purchasers (or a single purchaser) were approached. The provisions of this Section 5.04 will apply notwithstanding the existence of a public or private market upon which the quotations or sales prices may exceed substantially the price at which the Collateral Agent sells.

ARTICLE VI

[Intentionally Omitted]

ARTICLE VII

Miscellaneous

SECTION 7.01. *Notices.* All communications and notices hereunder shall (except as otherwise expressly permitted herein) be in writing and given as provided in Section 12.02 of the Indenture. All communications and notices hereunder to any Guarantor shall be given to it in care of the Company as provided in Section 12.02 of the Indenture.

SECTION 7.02. *Security Interest Absolute.* All rights of the Collateral Agent hereunder, the Security Interest, the grant of a security interest in the Pledged Collateral and all obligations of each Grantor hereunder shall be absolute and unconditional irrespective of (a) any lack of validity or enforceability of the Indenture, any other Indenture Document, any agreement with respect to any of the Obligations or any other agreement or instrument relating to any of the foregoing, (b) any change in the time, manner or place of payment of, or in any other term of, all or any of the Obligations, or any other amendment or waiver of or any consent to any departure from the Indenture, any other Indenture Document or any other agreement or instrument relating to the foregoing, (c) any exchange, release or non-perfection of any Lien on other collateral, or any release or amendment or waiver of or consent under or departure from any guarantee, securing or guaranteeing all or any of the Obligations, or (d) any other circumstance that might otherwise constitute a defense available to, or a discharge of, any Grantor in respect of the Obligations or this Agreement.

SECTION 7.03. *Limitation By Law.* All rights, remedies and powers provided in this Agreement may be exercised only to the extent that the exercise thereof does not violate any applicable provision of law, and all the provisions of this Agreement are intended to be subject to all applicable mandatory provisions of law that may be controlling and to be limited to the extent necessary so that they shall not render this Agreement invalid, unenforceable, in whole or in part, or not entitled to be recorded, registered or filed under the provisions of any applicable law.

SECTION 7.04. *Binding Effect; Several Agreement.* This Agreement shall become effective as to any party to this Agreement when a counterpart hereof executed on behalf of such party shall have been delivered to the Collateral Agent and a counterpart hereof shall have been executed on behalf of the Collateral Agent, and thereafter shall be binding upon such party and the Collateral Agent and their respective permitted successors and assigns, and shall inure to the benefit of such party, the Collateral Agent and the other Secured Parties and their respective successors and assigns, except that no party shall have the right to assign or transfer its rights or obligations hereunder or any interest herein or in the Collateral (and any such assignment

or transfer shall be void) except as expressly contemplated or permitted by this Agreement or the Indenture. This Agreement shall be construed as a separate agreement with respect to each party and may be amended, modified, supplemented, waived or released with respect to any party without the approval of any other party and without affecting the obligations of any other party hereunder.

SECTION 7.05. *Successors and Assigns.* Whenever in this Agreement any of the parties hereto is referred to, such reference shall be deemed to include the permitted successors and assigns of such party; and all covenants, promises and agreements by or on behalf of any Grantor or the Collateral Agent that are contained in this Agreement shall bind and inure to the benefit of their respective successors and assigns. The Collateral Agent hereunder shall be at all time the same person that is the Collateral Agent under the Indenture. Written notice of resignation by the Collateral Agent pursuant to the Indenture shall also constitute notice of resignation as the Collateral Agent under this Agreement. Upon the acceptance of any appointment as the Collateral Agent under the Indenture by a successor Collateral Agent, that successor Collateral Agent shall thereupon succeed to and become vested with all the rights, powers, privileges and duties of the retiring Collateral Agent pursuant hereto.

SECTION 7.06. *Collateral Agent's Fees and Expenses; Indemnification.*

(a) The parties hereto agree that the Collateral Agent shall be entitled to reimbursement of its expenses incurred hereunder as provided in the Indenture.

(b) Without limitation of its indemnification obligations under the other Indenture Documents, each Grantor jointly and severally agrees to indemnify the Collateral Agent against, and hold the Collateral Agent harmless from, any and all losses, claims, damages, liabilities, and related out of pocket expenses, including the fees, charges and disbursements of any counsel for the Collateral Agent, incurred by or asserted against the Collateral Agent arising out of, in any way connected with, or as a result of, the execution, delivery or performance of this Agreement or any other Indenture Document or any agreement or instrument contemplated hereby or thereby, or any claim, litigation, investigation or proceeding relating to any of the foregoing or to the Collateral, regardless of whether the Collateral Agent is a party thereto; *provided, however*, that such indemnity shall not, as to the Collateral Agent, be available to the extent that such losses, claims, damages, liabilities or related expenses are determined by a court of competent jurisdiction by final and nonappealable judgment to have resulted from the gross negligence or wilful misconduct of the Collateral Agent. To the extent permitted by applicable law, no Grantor shall assert, and each Grantor hereby waives any claim against the Collateral Agent, on any theory of liability, for special, indirect, consequential or punitive damages (as opposed to direct or actual damages) arising out of, in connection with, or as a result of, this Agreement or any agreement or instrument contemplated hereby, or the use of proceeds of the Securities.

(c) Any such amounts payable as provided hereunder shall be additional Obligations secured hereby and by the other Security Documents. The provisions of this Section 7.06 shall remain operative and in full force and effect regardless of the termination of this Agreement or any other Indenture Document, the consummation of

the transactions contemplated hereby, the repayment of any of the Obligations, the invalidity or unenforceability of any term or provision of this Agreement or any other Indenture Document, or any investigation made by or on behalf of the Collateral Agent or any other Secured Party. All amounts due under this Section 7.06 shall be payable on written demand therefor and shall bear interest, on and from the date of demand, at the rate specified in paragraph 1 of the Securities.

SECTION 7.07. *Collateral Agent Appointed Attorney-in-Fact.* Each Grantor hereby appoints the Collateral Agent as the attorney-in-fact of such Grantor for the purpose of carrying out the provisions of this Agreement and taking any action and executing any instrument that the Collateral Agent may deem necessary or advisable to accomplish the purposes hereof, which appointment is irrevocable and coupled with an interest. Except as otherwise provided herein, such power of attorney shall be exercisable only upon the occurrence and during the continuance of an Event of Default. Without limiting the generality of the foregoing, the Collateral Agent shall have the right, upon the occurrence and during the continuance of an Event of Default, with full power of substitution either in the Collateral Agent's name or in the name of such Grantor (a) to receive, endorse, assign and/or deliver any and all notes, acceptances, checks, drafts, money orders or other evidences of payment relating to the Collateral or any part thereof, (b) to demand, collect, receive payment of, give receipt for and give discharges and releases of all or any of the Collateral, (c) to sign the name of any Grantor on any invoice or bill of lading relating to any of the Collateral, (d) to send verifications of Accounts Receivable to any Account Debtor, (e) to commence and prosecute any and all suits, actions or proceedings at law or in equity in any court of competent jurisdiction to collect or otherwise realize on all or any of the Collateral or to enforce any rights in respect of any Collateral, (f) to settle, compromise, compound, adjust or defend any actions, suits or proceedings relating to all or any of the Collateral, (g) to notify, or to require any Grantor to notify, Account Debtors to make payment directly to the Collateral Agent, and (h) to use, sell, assign, transfer, pledge, make any agreement with respect to or otherwise deal with all or any of the Collateral, and to do all other acts and things necessary to carry out the purposes of this Agreement in accordance with its terms, as fully and completely as though the Collateral Agent were the absolute owner of the Collateral for all purposes; *provided, however*, that nothing herein contained shall be construed as requiring or obligating the Collateral Agent to make any commitment or to make any inquiry as to the nature or sufficiency of any payment received by the Collateral Agent, or to present or file any claim or notice, or to take any action with respect to the Collateral or any part thereof or the moneys due or to become due in respect thereof or any property covered thereby. The Collateral Agent and the other Secured Parties shall be accountable only for amounts actually received as a result of the exercise of the powers granted to them herein, and neither they nor their officers, directors, employees or agents shall be responsible to any Grantor for any act or failure to act hereunder, except for their own gross negligence, wilful misconduct or bad faith.

SECTION 7.08. *Applicable Law.* THIS AGREEMENT SHALL BE CONSTRUED IN ACCORDANCE WITH AND GOVERNED BY THE LAWS OF THE STATE OF NEW YORK.

SECTION 7.09. *Waivers; Amendment.* (a) No failure or delay by the Collateral Agent or any Holder in exercising any right or power hereunder or under any other Indenture Document shall operate as a waiver hereof or thereof, nor shall any single or partial exercise of any such right or power, or any abandonment or discontinuance of steps to enforce such a right or power, preclude any other or further exercise thereof or the exercise of any other right or power. The rights and remedies of the Collateral Agent, and the Holders hereunder and under the other Indenture Documents are cumulative and are not exclusive of any rights or remedies that they would otherwise have. No waiver of any provision of this Agreement or consent to any departure by any Grantor therefrom shall in any event be effective unless the same shall be permitted by paragraph (b) of this Section 7.09, and then such waiver or consent shall be effective only in the specific instance and for the purpose for which given.

(b) Neither this Agreement nor any provision hereof may be waived, amended or modified except pursuant to an agreement or agreements in writing entered into by the Collateral Agent and the Grantor or Grantors with respect to which such waiver, amendment or modification is to apply, subject to any consent required in accordance with Article 9 of the Indenture.

SECTION 7.10. *WAIVER OF JURY TRIAL.* EACH PARTY HERETO HEREBY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY LITIGATION DIRECTLY OR INDIRECTLY ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT OR ANY OF THE OTHER INDENTURE DOCUMENTS. EACH PARTY HERETO (A) CERTIFIES THAT NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER AND (B) ACKNOWLEDGES THAT IT AND THE OTHER PARTIES HERETO HAVE BEEN INDUCED TO ENTER INTO THIS AGREEMENT AND THE OTHER INDENTURE DOCUMENTS, AS APPLICABLE, BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS SECTION 7.10.

SECTION 7.11. *Severability.* In the event any one or more of the provisions contained in this Agreement or in any other Indenture Document should be held invalid, illegal or unenforceable in any respect, the validity, legality and enforceability of the remaining provisions contained herein and therein shall not in any way be affected or impaired thereby (it being understood that the invalidity of a particular provision in a particular jurisdiction shall not in and of itself affect the validity of such provision in any other jurisdiction). The parties shall endeavor in good-faith negotiations to replace the invalid, illegal or unenforceable provisions with valid provisions the economic effect of which comes as close as possible to that of the invalid, illegal or unenforceable provisions.

SECTION 7.12. *Counterparts.* This Agreement may be executed in counterparts (and by different parties hereto on different counterparts), each of which

shall constitute an original but all of which when taken together shall constitute a single contract, and shall become effective as provided in Section 7.04. Delivery of an executed signature page to this Agreement by facsimile transmission shall be as effective as delivery of a manually signed counterpart of this Agreement.

SECTION 7.13. *Headings.* Article and Section headings and the Table of Contents used herein are for convenience of reference only, are not part of this Agreement and are not to affect the construction of, or to be taken into consideration in interpreting, this Agreement.

SECTION 7.14. *Jurisdiction; Consent to Service of Process.* (a) Each of the Grantors hereby irrevocably and unconditionally submits, for itself and its property, to the exclusive jurisdiction of any New York State court or Federal court of the United States of America, sitting in New York City, and any appellate court from any thereof, in any action or proceeding arising out of or relating to this Agreement or any other Indenture Document, or for recognition or enforcement of any judgment, and each of the Grantors hereby irrevocably and unconditionally agrees that all claims in respect of any such action or proceeding may be heard and determined in such New York State or, to the extent permitted by law, in such Federal court. Each of the Grantors agrees that a final judgment in any such action or proceeding shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by law. Nothing in this Agreement or any other Indenture Document shall affect any right that the Collateral Agent or any Holder may otherwise have to bring any action or proceeding relating to this Agreement or any other Indenture Document against any Grantor or its properties in the courts of any jurisdiction.

(b) Each of the Grantors hereby irrevocably and unconditionally waives, to the fullest extent it may legally and effectively do so, any objection which it may now or hereafter have to the laying of venue of any suit, action or proceeding arising out of or relating to this Agreement or any other Indenture Document in any court referred to in paragraph (a) of this Section 7.14. Each of the Grantors hereby irrevocably waives, to the fullest extent permitted by law, the defense of an inconvenient forum to the maintenance of such action or proceeding in any such court.

(c) Each of the Grantors hereby irrevocably consents to service of process in the manner provided for notices in Section 7.01. Nothing in this Agreement or any other Indenture Document will affect the right of the Collateral Agent to serve process in any other manner permitted by law.

SECTION 7.15. *Termination or Release.* (a) This Agreement, the Security Interests, the pledge of the Pledged Collateral and all other security interests granted hereby shall be released in accordance with the provisions of the Indenture and the Intercreditor Agreement.

(b) In connection with any release pursuant to paragraph (a) above, the Collateral Agent shall promptly execute and deliver to any Grantor, at such Grantor's expense, all Uniform Commercial Code termination statements and similar documents

that such Grantor shall reasonably request to evidence such termination or release. Any execution and delivery of documents pursuant to this Section 7.15 shall be without recourse to or representation or warranty by the Collateral Agent or any Secured Party. Without limiting the provisions of Section 7.06, the Company shall reimburse the Collateral Agent upon demand for all costs and out-of-pocket expenses, including the fees, charges and expenses of counsel, incurred by it in connection with any action contemplated by this Section 7.15.

SECTION 7.16. *Additional Subsidiaries.* Any Subsidiary that is required to become a party hereto pursuant to Section 4.12 of the Indenture shall enter into this Agreement as a Subsidiary Guarantor and a Grantor upon becoming such a Subsidiary. Upon execution and delivery by the Collateral Agent and such Subsidiary of a supplement in the form of Exhibit A hereto, such Subsidiary shall become a Subsidiary Guarantor and a Grantor hereunder with the same force and effect as if originally named as a Subsidiary Guarantor and a Grantor herein. The execution and delivery of any such instrument shall not require the consent of any other party hereunder. The rights and obligations of each party hereunder shall remain in full force and effect notwithstanding the addition of any new party as a party to this Agreement.

SECTION 7.17. *Intercreditor Agreement Governs.* Reference is made to the Intercreditor Agreement dated as of August 11, 2006, among Wells Fargo Foothill, Inc., as collateral agent for the Revolving Credit Facility Secured Parties referred to therein, Credit Suisse, as collateral agent for the Term Credit Facility Secured Parties referred to therein, U.S. Bank National Association, as trustee under the Indenture referred to therein, U.S. Bank National Association, as collateral agent for the Noteholder Secured Parties referred to therein, King Holding Corporation, TFS Acquisition Corporation and the subsidiaries of TFS Acquisition Corporation named therein (the "Intercreditor Agreement"). Notwithstanding any other provision contained herein, this Agreement, the Liens created hereby and the rights, remedies, duties and obligations provided for herein are subject in all respects to the provisions of the Intercreditor Agreement. In the event of any conflict or inconsistency between the provisions of this Agreement and the Intercreditor Agreement, the provisions of the Intercreditor Agreement shall control.

SECTION 7.18. *Delivery of Collateral.* Notwithstanding anything herein to the contrary, prior to the Revolving Credit Facility Lien Discharge Date or the Term Credit Facility Lien Discharge Date, to the extent any Grantor is required hereunder to deliver Other Collateral to the Collateral Agent for purposes of possession and control and is unable to do so as a result of having previously delivered such Other Collateral to the Revolving Collateral Agent or the Term Collateral Agent, as the case may be, in accordance with the terms of the Intercreditor Agreement, such Grantor's obligations hereunder with respect to such delivery shall be deemed satisfied by the delivery to the Revolving Collateral Agent or the Term Collateral Agent, as applicable, in each case acting as a gratuitous bailee for the Collateral Agent.

A. Reference is made to the Indenture dated as of August 11, 2006 (as amended, restated, amended and restated, supplemented or otherwise modified from time to time, the "**Indenture**"), among the Company, Holdings, each of the Subsidiaries of the Company identified therein as Subsidiary Guarantors and U.S. Bank National Association, as Trustee.

B. Capitalized terms used herein and not otherwise defined herein shall have the meanings assigned to such terms in the Indenture or the Notes Collateral Agreement referred to therein, as applicable.

C. Section 7.16 of the Notes Collateral Agreement provides that additional Subsidiaries of the Company may become Subsidiary Guarantors and Grantors under the Notes Collateral Agreement by execution and delivery of an instrument in the form of this Supplement. The undersigned Subsidiary (the "**New Subsidiary**") is executing this Supplement in accordance with the requirements of the Indenture to become a Subsidiary Guarantor and a Grantor under the Notes Collateral Agreement.

Accordingly, the Collateral Agent and the New Subsidiary agree as follows:

SECTION 1. In accordance with Section 7.16 of the Notes Collateral Agreement, the New Subsidiary by its signature below becomes a Subsidiary Guarantor and Grantor under the Notes Collateral Agreement with the same force and effect as if originally named therein as a Subsidiary Guarantor and a Grantor and the New Subsidiary hereby (a) agrees to all the terms and provisions of the Notes Collateral Agreement applicable to it as a Subsidiary Guarantor and a Grantor thereunder and (b) represents and warrants that the representations and warranties made by it as a Subsidiary Guarantor and a Grantor thereunder are true and correct on and as of the date hereof. In furtherance of the foregoing, the New Subsidiary, as security for the payment and performance in full of the Obligations (as defined in the Notes Collateral Agreement), does hereby create and grant to the Collateral Agent, its successors and assigns, for the ratable benefit of the Secured

The Notes Collateral Agreement is hereby incorporated herein by reference.

SECTION 2. The New Subsidiary represents and warrants to the Collateral Agent and the other Secured Parties that this Supplement has been duly authorized, executed and delivered by it and constitutes its legal, valid and binding obligation, enforceable against it in accordance with its terms.

SECTION 3. This Supplement may be executed in counterparts (and by different parties hereto on different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract. This Supplement shall become effective when the Collateral Agent shall have received counterparts of this Supplement that, when taken together, bear the signatures of the New Subsidiary and the Collateral Agent. Delivery of an executed signature page to this Supplement by facsimile transmission shall be as effective as delivery of a manually signed counterpart of this Supplement.

SECTION 7. In case any one or more of the provisions contained in this Supplement should be held invalid, illegal or unenforceable in any respect, the validity, legality and enforceability of the remaining provisions contained herein and in the Notes Collateral Agreement shall not in any way be affected or impaired thereby (it being understood that the invalidity of a particular provision in a particular jurisdiction shall not in and of itself affect the validity of such provision in any other jurisdiction). The parties hereto shall endeavor in good-faith negotiations to replace the invalid, illegal or unenforceable provisions with valid provisions the economic effect of which comes as close as possible to that of the invalid, illegal or unenforceable provisions.

SECTION 8. All communications and notices hereunder shall (except as otherwise expressly permitted by the Notes Collateral Agreement) be in writing and
